7th Grade Math Resource

Teacher: Mrs. Sara Ruiz
Email: ruizsa@lpisd.org
Remind 101: Text “@ruiz130” to 81010

Link to Teams Folder to communicate with teacher and classmates.

[6th period](#)

Previous Lessons:
Constant of proportionality

YOU HAVE MADE IT!! THE LAST WEEK OF LESSONS IS ON www.khanacademy.org

You have been given individual usernames and passwords.
If you have not received yours yet, send me an email.
The list of usernames is also one of the comments on TEAMS. Your passwords are the same 4letter/4number we use at school.

Make sure you are going to the “assignments” tab on the left of the screen, then completing anything that still has the “start” button on the right.

Objectives

Objective / I Can:

- **Identify Proportional Relationships**

Activities:

All videos, notes, activities, quizzes are in sequential order on Khan Academy.

Day 1: identifying proportional relationships: 4 short videos (Intro, spaghetti, bananas, movie tickets) and one 7 question exercise

Day 2: Identifying proportional relationships video and 7 question exercise

Academic/Instructional Support

I'm available by phone, email, and TEAMS every week day. If you email me after 5 you probably won't hear back from me until the following day.

Email: ruizsa@lpisd.org

Phone: (281) 814-4730
Remind: @ruiz130 to 81010

To Be Graded

Lomax J H - Math - Outreach Learning

May 11-15 , 2020

Grades will be the quizzes on Khan Academy. If there are more than two per week, I will take the average.

Watching the videos, etc. counts as participation and attendance, so don't skip them

I WILL BE CHECKING FOR THE TIME SPENT ACTIVE ON KHAN ACADEMY.
